FOREST FIRE WARDEN'S REPORT

To the Citizens' of Canterbury:

Our forest lands represent a substantial proportion of the town's valuation. They provide income to our citizens, from the sale of forest products and through employment to woods' workers. The protection of our forest lands is essential to the continued welfare of the town. Fire is the forests' worst enemy. It not only destroys the growing crop but leaves the land in such condition that nothing of value will grow for a long period of years. In addition it costs good tax money to extinguish forest fires.

An analysis of forest fire records indicate that 97 per cent are man-caused and consequently avoidable. Carelessness and failure to comply with reasonable regulations governing the building of fires in and near woodlands has been costly to both towns and individuals. Through elimination of the human equation, forest fire losses would be reduced to a minimum. This is possible if every citizen would be careful, familiarize himself with burning regulations, comply with them and then use proper discretion.

We have been particularly fortunate in this town since the hurricane is not having had more serious fires. This is due in part to the strictness of our wardens in issuing permits and splendid cooperation on the part of the public. Great care is needed because conditions in our blown-down areas are more critical with down material drying out and becoming more highly inflammable. *The continued cooperation* of every one is necessary.

We should all remember that:

1. *Written permission of the local forest fire warden to burn brush, rubbish or other debris in or near woodlands is necessary when the ground is not covered with snow.* Violation of this requirement makes the responsible party liable—

- a. To a fine not to exceed five hundred dollars or imprisonment of not more than one year or both.
 - b. To the town for expenses incurred by the warden or deputy warden in attending or extinguishing such fire.
 - c. For damages to abutting owners if the fire runs onto the abutters' property.
2. It is a violation of the Forest Laws of the state to—
 - a. Drop or throw any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire, from any vehicle while the same is upon a public highway or private way.
 - b. Drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire.
 Violation of these prohibitions penalizes whoever is found guilty by a fine of \$25.00.
 3. You should promptly notify your local forest fire warden of any fires you see.
 4. The forest laws are being more strictly enforced each year

Your cooperation will save the warden considerable worry; you and your town much trouble and expense.

The 1940 fire record for our town follows:

Number of fires	5
Acreage burned	173¾*
Cost of suppression	\$156.18*
Number of permits issued	45

CHARLES GILMAN,
Forest Fire Warden.

*One railroad fire burned 150 acres.

Railroad reimbursed town for cost \$139.20.

LIBRARIAN'S REPORT

Number of books in library Feb. 1, 1940	4796
Number of books added during 1940	373

Included in the purchase of new books is a set of Compton's Pictured Encyclopedia, in 15 volumes, which is available for all the schools.

Number of books loaned	4,297
Number of magazines loaned	1,495

The Library has added to its photographic collection all of Luther Cody's negative plates. These contain several hundred local views and portraits including nearly every house in town as it appeared 40 years ago.

The Library cellar has always been too wet for storage purposes until the installation this year of an eaves trough and drainage system, which has eliminated the dampness. Necessary repairs were made on the entrance porch steps and gutter.

Respectfully submitted

KENNETH F. MUZZEY,
Librarian.

CHANNING T. SANBORN

On October 11, 1940, this Town was saddened to hear of the sudden death of our School Superintendent, Channing T. Sanborn who had faithfully served us for over six years. Most cordial relations had existed during the years of his work in our district. From that time until December 16, 1940, our school work was carried on without supervision, but with the helpfulness of Miss Fillion, now Mrs. Ritchie, and the aid of our teachers, who faithfully performed their duties, our schools were kept at their usual high standards, until Mr. Donald P. Mattoon assumed his duties as our Superintendent.

We are looking forward to the same excellence in our schools in the future as we have had in the past.

AMY A. SCALES,
HERMAN R. COLBY,
CECIL E. STEWART,
School Board of Canterbury.
